it is widely acknowledged that in addition to global and regional efforts to cope with climate change by means of mitigation measures adaptation initiatives can and perhaps should play a key role in enabling communities from across africa to better handle the problems related to it due to the fact that experiences in climate change adaptation in africa are poorly documented this book provides an attempt to address the perceived need for better documentation and dissemination of african experiences on climate change adaptation

this book investigates the social and cultural dimensions of climate change in southern africa focusing on how knowledge about climate change is conceived and conveyed despite contributing very little to the global production of emissions the african continent looks set to be the hardest hit by climate change adopting a decolonial perspective this book argues that knowledge and discourse about climate change has largely disregarded african epistemologies leading to inequalities in knowledge systems only by considering regionally specific forms of conceptualizing perceiving and responding to climate change can these global problems be tackled first exploring african epistemologies of climate change the book then goes on to the social impacts of climate change matters of climate justice and finally institutional change and adaptation providing important insights into the social and cultural perception and communication of climate change in africa this book will be of interest to researchers from across the fields of african studies sociology anthropology philosophy political science climate change and geography

recent interest in how poultry are housed and managed in order to ensure profitability sustainability and good levels of animal welfare are challenging issues that commercial poultry keepers face particularly where legislation is bringing about legal requirements for housing this book compares and contrasts alternative housing with conventional and traditional systems for commercial poultry laying hens meat chickens turkeys waterfowl and gamebirds with regards to welfare disease health nutrition sustainability and genotype environment interaction

this document contains the report of the fao regional workshop on port state measures to combat illegal unreported and unregulated iuu fishing which was held at cape town south africa from 28 to 31 january 2008 the objective of the workshop was to develop national capacity and promote bilateral sub regional and or regional coordination so that countries will be better placed to strengthen and harmonize port state measures and as a result implement the relevant international plan of action to prevent deter and eliminate illegal unreported and unregulated fishing ipoa iuu tools and the fao model scheme and contribute to the development of a legally binding instrument on port state measures the workshop addressed background and framework for port state measures global and regional issues relating to iuu fishing and port state measures and the 2005 fao model scheme on port state measures to combat iuu fishing the 2007 draft agreement on port state measures to prevent deter and eliminate illegal unreported and unregulated fishing and the implementation of regional and national port state measures adoption and implementation of port state measures by regional fisheries management organizations rfmos and the implementation of measures in the southern and east africa subregion operational and information requirements for effective port state measures industry perspectives on port state measures and national responses to questionnaires and key issues for further action and cooperation in strengthening and harmonizing port state measures working groups were formed to enhance the participatory nature of the workshop and as a means of engendering broader and deeper discussion on concepts and issues relating to port state measures in one exercise they addressed various aspects of port state measures and recommended and prioritized areas for regional cooperation in implementing port state measures they also identified further types of support needed to implement port state measures and in another exercise they considered certain thematic aspects relating to the fao model scheme and the draft agreement on port state measures this exercise included legal aspects information requirements systems and inspection procedures the results of

inspection and training funding and support for the workshop were provided by the fao regular programme by the government of norway through the trust fund for port state measures mtf glo 206 mul and the fishcode programme mtf glo 125 mul sweden sida swe 05 iuu port state measures iuu fishing funding was also provided by the uk department for international development dfid

volume 1 a and b covers international organizations throughout the world comprising their aims activities and events

australia has supported the implementation of effective village chicken production programs in asia africa and latin america including several research projects funded by aciar this investment in research and development always in collaboration with producers traders and other stakeholders has been shown to increase poultry numbers household purchasing power home consumption of chicken products resulting in improved nutrition for families and the decision making power of women this manual is focused on developing countries it describes husbandry practices and biosecurity measures for village chickens that can be implemented using locally available resources these measures will lead to both increased productivity and improved protection from disease in village chicken systems village chicken improvement programs have the potential to contribute to each of the millennium development goals and to do so for the most vulnerable families in developing countries

proposes an investment and strategy of foreign direct investment to promote a diversification of affluences and to promote the growth more than great reach and inclusive and suggests a number of measures to improve the investment climate for small and medium businesses

the world investment report 2008 presents the latest data on foreign direct investment fdi and traces global and regional trends in fdi and in international production by transnational corporations tncs this year s report puts a special focus on the role of tncs in meeting the huge needs of developing countries for infrastructure such as roads ports water gas and electricity supply and telecommunications drawing on unique data this year the report examines the universe of the largest tncs investing in infrastructure industries and the increasing role of tncs from the south in contributing to infrastructure in other developing economies the report explores how the participation of tncs brings benefits but also entails risks and costs it considers how the mix of public and private including tnc involvement can help spur foreign investment and knowledge transfer to countries that need such inflows

traditionally poultry is found in many communities the world over and can be with adequate support training and investment a viable commercial enterprise for many small scale farmers poultry can provide for a good source of nutrition for the farm family and an income source which does not depend on the harvest cycle common to crops the booklet is aimed at raising awareness and promoting poultry as a business to all those who are involved in supporting small scale farming and rural development in general

the second global plan of action addresses new challenges such as climate change and food insecurity as well as novel opportunities including information

communication and molecular methodologies it contains 18 priority activities organized in four main groups in situ conservation and management ex situ conservation sustainable use and building sustainable institutional and human capacities
