answers to some of the most commonly asked questions about the deaf community its culture and the deaf reality

for hearing people only first edition answers to some of the most commonly asked questions about the deaf community its culture and the deaf reality by matthew s moore and linda levitan with a foreword by harlan lane

in a handy question and answer format for hearing people only addresses some of the most commonly asked questions about deaf people their community and their language the 4th edition has been expanded into two volumes containing more content than ever the for hearing people only 4th edition is almost double the size as the previous edition that means more questions more answers and more content it has been expanded into two volumes and reflects changes in technology and telecommunications concise easy to read and designed for those with no prior background for hearing people only makes a formidably complex subject accessible each chapter can be read as an independent unit this is the first book of its kind written especially for laypeople who are curious about deaf people and would like to separate truth from stereotype fact from misconception reality from myth for hearing people only makes a good introductory or supplemental text for deaf studies or signing and interpreter students harris communications website harriscomm.com for hearing people only 4th edition html accessed 06 29 2016

the impetus for this volume is the growing awareness within the mental health and larger community of a culturally affirmative model for understanding and assisting deaf people in contrast to the medical pathological model which treats deafness as a disability the cultural model guides us to view deaf persons in relation to the deaf community a group of people with a common language culture and collective identity a primary tenant of culturally affirmative psychotherapy is to understand and respect such differences not to eradicate them the contributors to this volume present a practical and realistic model of providing culturally affirmative counseling and psychotherapy for deaf people the three dimensions of this model have been delineated by the multicultural counseling literature these dimensions assert that culturally affirmative psychotherapy with deaf persons requires therapist self awareness knowledge of the deaf community culture and understanding of culturally syntonetic therapeutic interventions the first to exhaustively delineate the implications of the cultural model of deafness for counseling deaf people this book is essential reading for anyone who works in an educational or counseling capacity with the deaf this audience includes not only psychotherapists but also vocational guidance and residence counselors teachers independent living skills specialists interpreters and administrators of programs for the deaf

introduction to american deaf culture i is the only comprehensive textbook that provides a broad yet in depth exploration of how deaf people are best understood from a cultural perspective with coverage of topics such as how culture is defined how the concept of culture can be applied to the deaf experience and how deaf culture has evolved over the years among the issues included are an analysis of various segments of the deaf community deaf cultural norms the tension between the deaf and disabled communities deaf art and literature both written english and asl forms the solutions being offered by the deaf community for effective living as deaf individuals and an analysis of the universality of the deaf experience including the enculturation process that many deaf people undergo as they develop healthy identities as a member of a multigenerational deaf family with a lifetime of experience living bi culturally among deaf and hearing people author thomas k holcomb enhances the text with engaging stories interwoven throughout in addition to being used in college level courses this book can also help parents and educators of deaf children understand the world of deaf culture it offers a beautiful introduction to the ways deaf people effectively manage their lives in a world full of people who can hear

this volume presents a state of the art account of the clinical specialty of mental health care of deaf people drawing upon some of the leading clinicians teachers administrators and researchers in this field from the united states and great britain it addresses critical issues from this specialty such as deaf hearing cross cultural dynamics as they impact treatment organizations clinical and interpreting work with deaf persons with widely varying language abilities adaptations of best practices in inpatient residential trauma and substance abuse treatment for deaf persons overcoming administrative barriers to establishing statewide continua of care university training of clinical specialists the interplay of clinical and forensic responses to deaf people who commit crimes an agenda of priorities for deaf mental health research each chapter contains numerous clinical case studies and places a heavy emphasis on providing practical intervention strategies in an interesting easy to read style all mental health professionals who work with deaf individuals will find this to be an invaluable resource for creating and maintaining culturally affirmative treatment with this population

practical strategies a real world emphasis and a focus on critical thinking characterizes this rhetoric reader research guide and handbook
