this global edition has been designed specifically to meet the needs of international financial accounting students the text successfully implements a real world single focus company approach in every chapter the companies chosen are engaging and the decision making focus shows the relevance of financial accounting in the real world in addition to the latest examples of both contemporary and traditional topics new material has been added to make the content more relevant and improve learning outcomes for the international student

built on a strong foundation basic marketing 18e with connectplus and learnsmart provides an integrated teaching and learning solution for presenting the four ps framework and managerial orientation with a strategy planning focus the perreault franchise was the pioneer of the four ps in the introductory marketing course the unifying focus of basic marketing has always been on how to make marketing decisions in deciding what customers to focus on and how best to meet their needs consistent with our belief in continuous quality improvement this edition has been critically revised updated and rewritten to reflect new concepts new examples recent best practices and to tightly integrate the best digital tools in the industry for ensuring that students are prepared to engage in classroom lectures and pursue future business and marketing careers

auditors are trained to investigate beyond appearances to determine the underlying facts in other words to look beneath the surface the recent financial crisis has made this skill even more crucial to the business community as a result of this recent crisis and of the financial statement accounting scandals that occurred at the turn of the century understanding the auditor's responsibility related to fraud maintaining a clear perspective probing for details and understanding the big picture are indispensable to effective auditing the author team of louwers ramsay sinason strawser and

thibodeau has dedicated years of experience in the auditing field to this new edition of auditing assurance services supplying the necessary investigative tools for future auditors

ebook biology

the approach used by hoyle schaefer and doupnik in the new edition allows students to think critically about accounting just as they will do while preparing for the cpa exam and in their future careers with this text students gain a well balanced appreciation of the accounting profession as hoyle 12e introduces them to the field s many aspects it often focuses on past controversies and present resolutions the text continues to show the development of financial reporting as a product of intense and considered debate that continues today and into the future the writing style of the eleven previous editions has been highly praised students easily comprehend chapter concepts because of the conversational tone used throughout the book the authors have made every effort to ensure that the writing style remains engaging lively and consistent which has made this text the market leading text in the advanced accounting market the 12th edition includes an increased integration of ifrs as well as updated accounting standards

serious science with an approach built for today s students smith s organic chemistry continues to breathe new life into the organic chemistry world this new fourth edition retains its popular delivery of organic chemistry content in a student friendly format janice smith draws on her extensive teaching background to deliver organic chemistry in a way in which students learn with limited use of text paragraphs and through concisely written bulleted lists and highly detailed well labeled teaching illustrations don t make your text decision without seeing organic chemistry 4th edition by janice gorzynski smith

ebook general organic and biological chemistry 2e

environmental science a global concern is a comprehensive presentation of environmental science for non science majors which emphasizes critical thinking environmental responsibility and global awareness this book is intended for use in a one or two semester course in environmental science human ecology or environmental studies at the college or advanced placement high school level as practicing scientists and educators the cunningham author team brings decades of experience in the classroom in the practice of science and in civic engagement this experience helps give students a clear sense of what environmental science is and why it matters in this exciting new 13th edition environmental science a global concern provides readers with an up to date introductory global view of essential themes in environmental science the authors balance evidence of serious environmental challenges with ideas about what we can do to overcome them an entire chapter focuses on ecological restoration one of the most important aspects of ecology today case studies in most chapters show examples of real progress and what can you do lists give students ideas for contributing to solutions

building on the tremendous success of their best selling economics brue mcconnell and flynn have revised their one semester approach in essentials of economics 3e to provide a fresh alternative for the survey course the result is a patient substantive treatment of micro and macro topics appropriate for the introductory economics student and fully integrated in the digital environment to provide instant remediation and feedback through mcgraw hill s innovative assessment tool connect plus economics mcgraw hill s adaptive learning component learnsmart provides assignable

modules that help students master core concepts in the course
