discover francois grosjean's numerous contributions to the field of bilingualism over a span of some 40 years

this book explores the life and experiences of one of the world's most renowned and well-respected experts in bilingualism francois grosjean from a monolingual childhood in a small village outside paris to the long periods of time he spent in switzerland england france and the united states becoming bilingual and bicultural in the

process during his life his dominant language has changed many times between english and french and he has also acquired and subsequently lost other languages including american sign language throughout the book he combines his personal accounts and anecdotes with insights from and reflections on his extensive scholarly research in bilingualism and biculturalism which has in turn been heavily influenced by his own experiences written in an engaging and accessible style the book will appeal to general readers interested in bilingualism and language contact educators and parents of bilingual children researchers working on bilingualism and to bilinguals themselves

even though more than half the world s population is bilingual the study of bilinguals has lagged behind that of monolinguals with this book which draws on twenty five years of the author s research francois grosjean contributes significantly to the volume covers four areas of research the definition and characterization of the bilingual person the perception and production of spoken language by bilinguals the sign oral bilingualism of the deaf and methodological and conceptual issues in research on bilingualism while the author takes a largely psycholinguistic approach his acute linguistic and sociolinguistic awareness is evident throughout and especially so in his reflections on what it means to be bilingual and bicultural the book also defends increased co operation among researchers in connecting fields such as the language sciences and the neurosciences

the psycholinguistics of bilingualism presents a comprehensive introduction to the foundations of bilingualism covering language processing language acquisition cognition and the bilingual brain this thorough introduction to the psycholinguistics of bilingualism is accessible to non specialists with little previous exposure to the field introduces students to the methodological approaches currently employed in the field including observation experimentation verbal and computational modelling and brain imaging examines spoken and written language processing simultaneous and successive language acquisition bilingual memory and cognitive effects and neurolinguistic and neuro computational models of the bilingual brain written in an accessible style by two of the field s leading researchers together with contributions from internationally renowned scholars featuring chapter by chapter research questions this is an essential resource for those seeking insights into the bilingual mind and our current knowledge of the cognitive basis of bilingualism

language contact is everywhere many nations have more than one official language and quite
 possibly most people in the world speak two or more languages what happens to different
 peoples and to their languages when they come into contact in this survey of the social
 political and linguistic consequences of language contact sarah g thomason focuses on what
 happens to the languages themselves sometimes nothing sometimes new words enter a
 language sometimes new sounds and sentence structures will spread across many languages in
 a large geographical region more rarely entirely new languages arise in a contact situation
 conversely one of the languages in contact may vanish entirely and issues of language
 endangerment and death are explored here together with chapters on multilingualism pidgins
 and creoles mechanisms of interference and the origins and results of contact induced language
 change accessibly written by a leading expert in the field this book is an ideal introduction for
 beginning students at all levels and a useful resource for postgraduates teachers and academic
 linguists key features accessibly written by a leading figure in the field sources and further
 reading provided for each chapter world map showing the location of the languages discussed

many people consider bilinguals to be exceptional yet almost half the world's population speaks
 more than one language bilingualism is found in every country of the world in every class of
 society in all age groups life with two languages is the first book to provide a complete and
 authoritative look at the nature of the bilingual experience francois grosjean himself a bilingual
 covers the topic from each of its many angles in order to provide a balanced introduction to
 this fascinating phenomenon grosjean discusses the political and social situations that arise
 when languages come into contact and the policies nations have established toward their
 linguistic minorities in the domains of education and governance of particular interest is his
 detailed account of the psychological and social factors that lead a bilingual to choose one of
 her languages when speaking to another bilingual or to use both languages in the fascinating
 phenomenon of code switching the author explains how children become bilingual as quickly as
 they become monolingual describes the organization of languages in the bilingual brain and
 examines the legacy of bilingualism on language as exemplified in word borrowings above all
 life with two languages puts the emphasis on the bilingual person in a series of first hand
 reports scattered throughout the book bilinguals tell what it is like to live with two languages
 and describe the educational and social experiences they have undergone written in a clear and
 informative style life with two languages will appeal to professionals and students in linguistics

education sociology and psychology as well as to the more casually curious

multilinguals are not multiple monolinguals yet multilingual assessment proceeds through monolingual norms as if fair conclusions were possible in the absence of fair comparison in addition multilingualism concerns what people do with language not what languages do to people yet research focus remains on multilinguals languages as if languages existed despite their users this book redresses these paradoxes multilingual scholars teachers and speech language clinicians from europe asia australia and the us contribute the first studies dedicated to multilingual norms those found in real life multilingual development assessment and use readership includes educators clinicians decision makers and researchers interested in multilingualism

professor francois grosjean is a recognized world expert on bilingualism in this fascinating book he surveys the many contributions he has made to the field gives follow up comments reviews how the field has responded and stresses how important it is to inform the general public about bilingualism and biculturalism
