this state of the art introduction to contemporary african politics has been

carefully designed to provide not only thorough coverage of the full range of core topics but also an awareness and understanding of key theoretical issues and controversies drawing on their extensive teaching and fieldwork experience pierre englebert and kevin dunn offer a straightforward accessible style making even complex ideas easy to understand a balanced approach exposing multiple perspectives on contested issues a focus on both states and citizens politics from above and below discussions of existing policies as well as policy implications of different approaches an abundance of rich data and illustrative examples the authors also highlight the contributions of african experiences to broader knowledge in the areas of comparative politics and international relations their book will serve both as an essential text and as a long term resource for students and scholars alike

to an increasing extent nationals of third world countries are protesting against the tendency of foreign theoreticians and observers to study their problems political problems in particular in terms of concepts and theories established on the basis of european experiences for instance the egyptian abdel malek i in la dialectique sociale writes at the starting point whose broad lines we sketch here there is evidence of inadequation deriving from the fact of difference inadequation of the conceptual system of the social sciences differences between western societies which have provided the larger part of the analytical material for the conceptual elaboration and establishment of theoretical systems in different disciplines on the one hand and non western societies those of asia africa and latin america on the other hand this does not mean that the author impugns universalism and that he advocates enclosing the third world in a sort of intellectual ghetto overemphasizing its specificity and constituting as it were reserves designed to highlight the exotic aspect for the benefit of foreigners 2 on the contrary what he takes sociology to task for is its insufficiently universal and universalizing nature this being so his aim is to make concepts more universal and to rebuild theory with the help of reshaped concepts abel malek s criticisms are largely justified there is indeed a certain eurocentricity in the theories elaborated by political scientists even if they deny it

africa is a continent with an eventful history that currently has a population of more than 1.2 billion in 54 recognized states it is shaped by different cultures languages and religions some of the states have gone through crises and conflicts others are rooted in tradition and ancient customs while yet others have opened up towards modern economic and socio economic trajectories overall africa is

currently confronting a number of serious problems the continent is still facing tremendous challenges even today in creating the conditions for a peaceful community providing all citizens with access to education medicine and hygiene care and in improving housing and living conditions in twelve chapters martin welz presents africa s remarkable diversity and calls into question clichés and stereotypes by focusing on african and non african protagonists and structural conditions among other things he vividly illustrates the stages that were involved in decolonization and their effects on today s societies he describes external influences on africa and the political characteristics and systems in the individual states the author thus opens up a broad panorama over africa s historically based situation and provides the reader with a rapid and well founded overview of the current social and political situation on the entire continent horst köhler president of germany 2004 2010 commented on the book martin welz s book is like a mosaic up close you can see all the details and differences ranging from geography and history to the formative personalities of the countries of africa that were once shaped by colonial despotism but when you finish the book and step back you re able to see the major connections and structures anyone wanting to understand the history and politics of africa since decolonization and get to know the diversity of the continent better should read this book

michael thomas p sprenger menzel untersucht den dreifachen kolonialismus und die historische entwicklung zur apartheid in südafrika er analysiert die bekämpfung und abschaffung der apartheid ein schwerpunkt liegt auf der wirtschafts und sozialpolitik auf basis des reconstruction and development programme rdp der regierungspartei african national congress anc von 1994 2019 20 der sozioökonomische umbau auf den gebieten der existenzsicherung des infrastruktur und wohnungsbaus der bildung medizinischen versorgung und gesellschaftlichen umverteilung mittels wirtschaftswachstums und arbeitsplatzschaffung redistribution by growth des anc ist ins stocken geraten

an introduction to african history and politics since decolonization emphasising the political economic and socio economic diversity of the continent

the numerous essays in this valuable collection attest to the fact that throughout his enormously productive career richard l sklar has been at the intellectual forefront of major political and social developments affecting the african continent spanning four decades these essays encompass the wide range of sklar s contributions both to african political studies and the discipline of political

science containing a breadth of scholarly interest best described as pan african continentalism readers will find his often dissenting views fresh and progressive

a comprehensive state of the art introduction to contemporary african politics

the introduction to african politics is clearly the best written most comprehensive and most genuinely comparative study of african politics currently available it is an ideal text around which to structure an introductory course its generalizations deserve as well the careful critical attention of specialists in the field publishers

the international handbook features chapters by leading scholars from around the world in a unique collection exploring the multi disciplinary field of political ecology this landmark volume canvasses key developments topics issues debates and concepts showcasing how political ecologists today address pressing social and environmental concerns introductory chapters provide an overview of political ecology and the handbook remaining chapters examine five broad themes issues and approaches governance and power knowledge and discourse method and scale connections and transformations across diverse topics and perspectives these chapters amount to a wide ranging survey of current research making the international handbook an indispensable reference for scholars and students in political ecology
