Effective Electoral Assistance
Day 1

Presentation

The UN and the EU

- ❑ The EU and the UN are natural partners. They are united by the core values laid out in the 1945 Charter of the UN, and the 1948 Universal Declaration of Human Rights.
- ❑ Member States and the EC are the largest contributors to the UN system. A total of 1.3 billion euros was approved by the EC to be channelled to the UN in 2006.
- ❑ 2001 EC's communication: "Building an effective partnership with the UN", and 2003 EC's Communication: "EU-UN relations: The choice of multilateralism".
- ❑ To facilitate programmatic cooperation between the EC and the UN, an updated Financial and Administrative Framework Agreement (FAFA) was agreed in 2003.

The UN and the EU

- ☐ **The FAFA agreement provides a single shared legal, financial and administrative framework for all programmatic cooperation between the EC and the UN.**
- ☐ **FAFA has made cooperation more efficient, ensuring faster start-up of activities and ensuring administrative consistency across operations.**
- ☐ **In June 2004, the UNDP and the EC entered into a Strategic Partnership Agreement (SPA) through the signature of a MoU to set out and better define the relational focus between the two institutions.**
- ☐ **The MoU focuses on governance (including elections, parliament and governance indicators), conflict prevention and post conflict reconstruction**

Effective Electoral Assistance

- ☐ **Background: Brussels, Manila, Ottawa,**
- ☐ **Publications and Global Tools**
- ☐ **Shift from event-driven support to process and demand-driven using the Electoral Cycle**
- ☐ **Still need for capacity development at the development agency level and partner country level**
- ☐ **The building of a strong and transparent electoral administration capacity is a primary and invaluable form of investment**

Election Assistance VS Electoral Assistance

- ☐ **Post elections and inter-election periods are as crucial as the build up to the elections themselves,**
- ☐ **It required regular inter-institutional contact and support activities before, during and after election periods**
- ☐ **For the sake of lessons learned and inter-institutional memory aiming at improved electoral processes in beneficiary countries**
- ☐ **Electoral assistance has to take stock of all the steps of the *electoral cycle???***

Effective Electoral Assistance Focus

- ☐ **Quality and appropriateness of the methodological, operational and technological choices to be adopted for implementation on an electoral cycle**
- ☐ **Perceived not any longer as isolated event but as a process.**
- ☐ **Past imperfections and limited results should be seen as an additional motive to support electoral processes investing more in the institutions that administer the elections in a good governance perspective**
- ☐ **Importance of international/domestic observation missions, evaluations, post election seminar and peer review mechanisms.**
- ☐ **Importance of the synergies between election observation and electoral assistance**

The EC-UNDP partnership in electoral assistance is unique for its scope, for its achievements and ambitions. It builds on a history of sector experience, specific attention to the lessons learned in previous projects and a mutual understanding of each other's approaches, roles and capacities.

The partnership is proving to be of increasing value to electoral assistance operations to the beneficiary countries, as it allows to rationalize interventions in the area and leads to better and timelier formulation, implementation and monitoring of projects, and is in line with the concepts of enhanced donor coordination from the **March 2005 Paris Declaration on Aid Effectiveness**. The resulting projects are consequently more effective, sustainable and in harmony with overall EU and UN objectives.

The EC and UNDP have been collaborating in the field of electoral assistance since 1997 but it is since 2004, with the implementation of the project in support of the electoral processes in the Democratic Republic of Congo that the collaboration was strongly intensified, leading to the signature, in 2006, of the "**Operational Guidelines for the Implementation of Electoral Assistance Programmes and Projects**".

The EC-UNDP partnership in electoral assistance relies heavily on the strong cooperation between services at the level of headquarters for the quality support mechanisms available. These can include, through a **Joint Task Force**, formulation and monitoring missions, support for the selection of experts and procurement of election material, joint trainings, development of guidelines, gathering of lessons learned and participation to specialized electoral networks.
