I. Background
II. Progress
III. Agreements
IV. Future Plans & Need for Cooperation
1. Background of Launch of the A−WEB Proposed by NEC of Korea

(2) International Exchanges
Vigorously Promoted by NEC

- Vigorous exchange and cooperation with each country
  ※ Signed a Memorandum of Understanding with 15 organizations / Participated in 34 international election observation programs
  ※ Various activities as a current chair country of AREAS

Support for Emerging Democracies

- Support for electoral system and legislative process in each country
- Training programs for electoral officials in each country
  ※ 25 programs run for 317 persons in 41 countries as of 2012

The NEC has felt the need for more systematic international exchange and cooperation

2. Challenges Faced by Existing International Organizations & Issues of International Exchange

(1) Limitations against Existing International Organization

Activities by Regional Election-related Associations

- Lack of global exchange of information and feedback

Activities of International Organizations (Governmental Organizations)

- Non-professional EMBs and insufficient capacity building
3. Alternatives

- Limitation on Exchange of Election-related Information in Each Country
- Limitation on Support for Emerging Democracies
- Limitation on Existing Organizational Structure
- Strengthen sharing of election-related information among countries
- Increase exchange & collaboration in the field of election
- Provide systematic support for elections in emerging democracies
- Advance elections through joint research
- Promote democracy around the world

II. Progress
III. Agreements

1. Vision

A-WEB
(The leading global election body)

Have a Successful Electoral System in Place
