UNITED NATIONS

EUROPEAN COMMISSION

Joint Visibility Guidelines For EC-UN Actions in the Field

1. INTRODUCTION

These guidelines have been designed to ensure that UN actions funded by the European Union (EU) incorporate information and communication activities designed to raise the awareness of specific or general audiences of the reasons for and impact of the UN-EU cooperation, and identify EU¹ support for the action in the country or region concerned, as well as the impact of that particular action.

The guidelines are not a legal instrument but are meant to offer tools designed to enable the development of a dynamic communication strategy and to provide concrete advice to assist United Nations Secretariat, Specialised Agencies including the International Atomic Energy Agency (IAEA), Funds and Programmes (the United Nations Organisations)² that are party to the FAFA, and European Commission Directorates-General (EC DGs) and Delegations in selecting the type of visibility activity best suited to specific actions and contexts. The guidelines also include information concerning the correct use of the EU logo and identity.

Where the context and available resources permit, the United Nations Organisations should complement basic elements of static visibility and information communication with dynamic ways of highlighting EU support, as well as the impact of the action.

All communication and visibility activities should be carried out in close co-operation between the United Nations Organisation and the appropriate Delegation of the European Commission (EC Delegation) or the relevant headquarters department of the European Commission.

UNDP will ensure enhanced visibility of joint efforts

Expenses for visibility actions are considered eligible project expenses

UNDP CO is responsible for submitting a visibility plan to the EU Delegation

Ex: Joint press releases, TV spots, presentations, photo opportunities.....

3.7 Selection of Experts

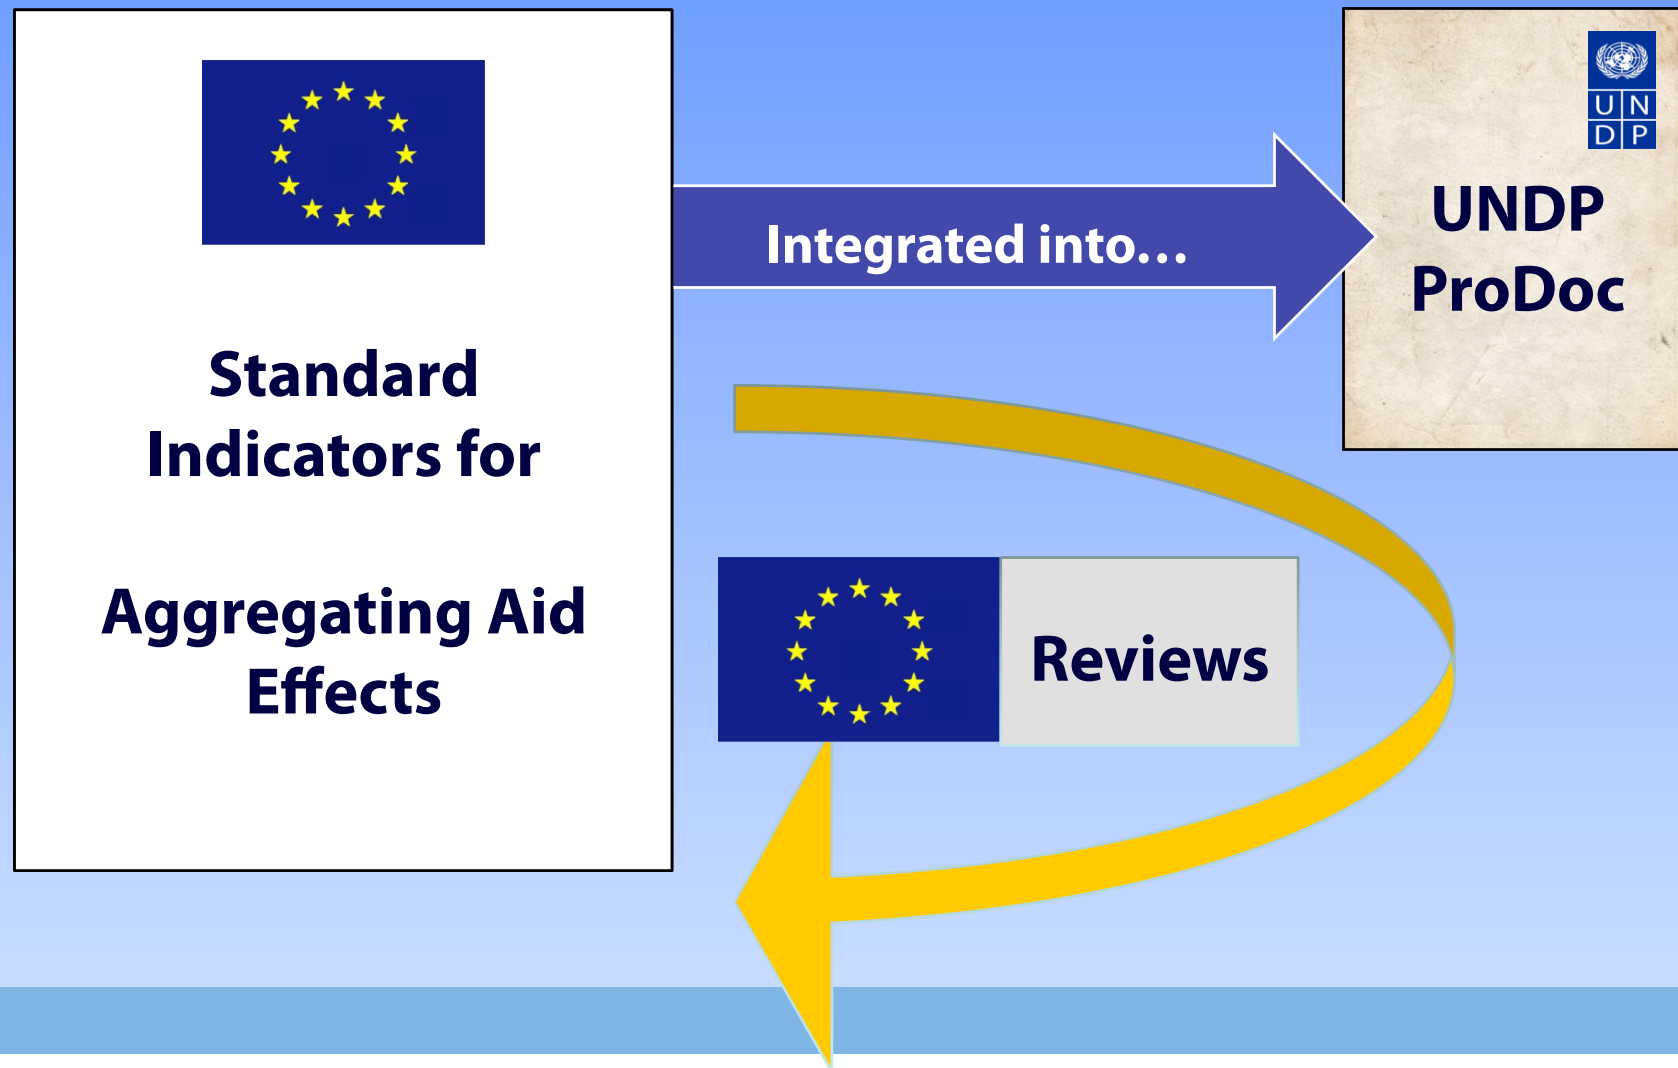

Selection of international Experts for the project's PMU

- ☐ **Both UN/EAD and EU/DEVCO have a roster of electoral experts**
- ☐ **Pre-selection to be done in a coordinated manner**
- ☐ **Selection to be done in agreement between UNDP Country Office, EU Delegation, other donors, the EMB**
- ☐ **UNDP ensures expedite clearance so to speed up the recruitment process**

3.7 Performance indicators

3.8 Reporting requirements

**One-page reports
(for press statements etc.)**

**Technical progress reports (monthly)
(activities/outcomes)**

**Substantive reports (quarterly)
(status, key issues, financial info)**

EUROPEAN COMMISSION

Joint Guidelines on reporting obligations under the FAFA

The purpose of these guidelines is to provide practical guidance for the interpretation of the relevant articles of the Financial and Administrative Framework Agreement (FAFA). The latter remains however the sole legal authority on the subject.

A. Guiding principles

1. The relevant provisions concerning reporting are contained in article 2 of the Financial and Administrative Framework Agreement ("FAFA"). This provision is complemented by DG AIDCO's General Conditions of the Standard Contribution Agreement with an international organisation ("AGC") and DG ECHO's General Conditions applicable to EC contribution agreements with international organisations for humanitarian aid actions ("EGC"), jointly referred hereinafter as "the GCs". The costs deriving directly from the requirements of the contribution-specific agreement, including the costs of specific reporting for Commission needs are eligible direct costs to the agreement. (art.3.2 FAFA)
2. Pursuant to articles 2.1 and 2.2 of the GCs and the verification clause in the FAFA, the UN organisation implementing a contribution-specific agreement has a general duty to provide all relevant information to the Commission on the implementation of the action, which starts with the work plan and is complemented by the reports and any other relevant information. In addition to the standard reports to its donors, the UN organisation will ensure that progress and situation reports, publications, press releases and updates relevant to the contribution-specific agreement, are communicated to the Commission's contact address indicated in the special conditions as and when they are issued (art. 2.7 FAFA). However, it should be recalled that the "Agreement on the application of the verification clause to operations administered by the United Nations and financed or co-financed by the European Community" annexed to FAFA recognises that some original documents held by the UN organisation are confidential and may not be shared.

3.9 Procurement

... procurement of sensitive or highly specific or costly election materials should preferably be done in close collaboration and involvement of the UNDP PSO

Operational lessons and best practices learned in the field of procurement with specific focus on ICT solutions and biometric voter/civil registration

FORMULATING AND IMPLEMENTING ELECTORAL ASSISTANCE PROJECTS IN THE CONTEXT OF THE EC UNDP PARTNERSHIP

Objective

The workshop objective is to strengthen the knowledge of relevant staff of EC, UN/UNDP and Electoral Management Bodies (EMBs) on Formulating and Implementing Electoral Assistance Projects in the context of the EU-UNDP Partnership on Electoral Assistance.

Approach

The training will provide detailed information on existing frameworks, promote exchange of experiences and participants will also acquire useful tools to better understand legal and operational aspects related to the electoral cycle and to the EU-UNDP partnership on electoral assistance.

The methodology is designed to maximize the learning outcomes and the exchange of experience focusing on the mainstreaming of the principles of the "2005 Paris Declaration" and the "2006 Accra Agenda for Action" on Aid Effectiveness, Harmonization, Alignment and Ownership applied to the Electoral Assistance field.

Outcomes & Tools

Presentations will introduce topics and case studies to the audience.

- Case studies will build upon concrete and relevant examples in order to better understand conceptual lessons applied in real settings and their outcomes.
- Challenges and positive results will be presented and will serve as an integrated tool to explore potential dynamics and implications.
- Interactive group work will take place to stimulate active reflection and engagement in discussions in order to efficiently apply topics taught and lessons drawn.
- All participants will be granted access to the eLearning Course on Effective Electoral Assistance.
